

Nature's Winter

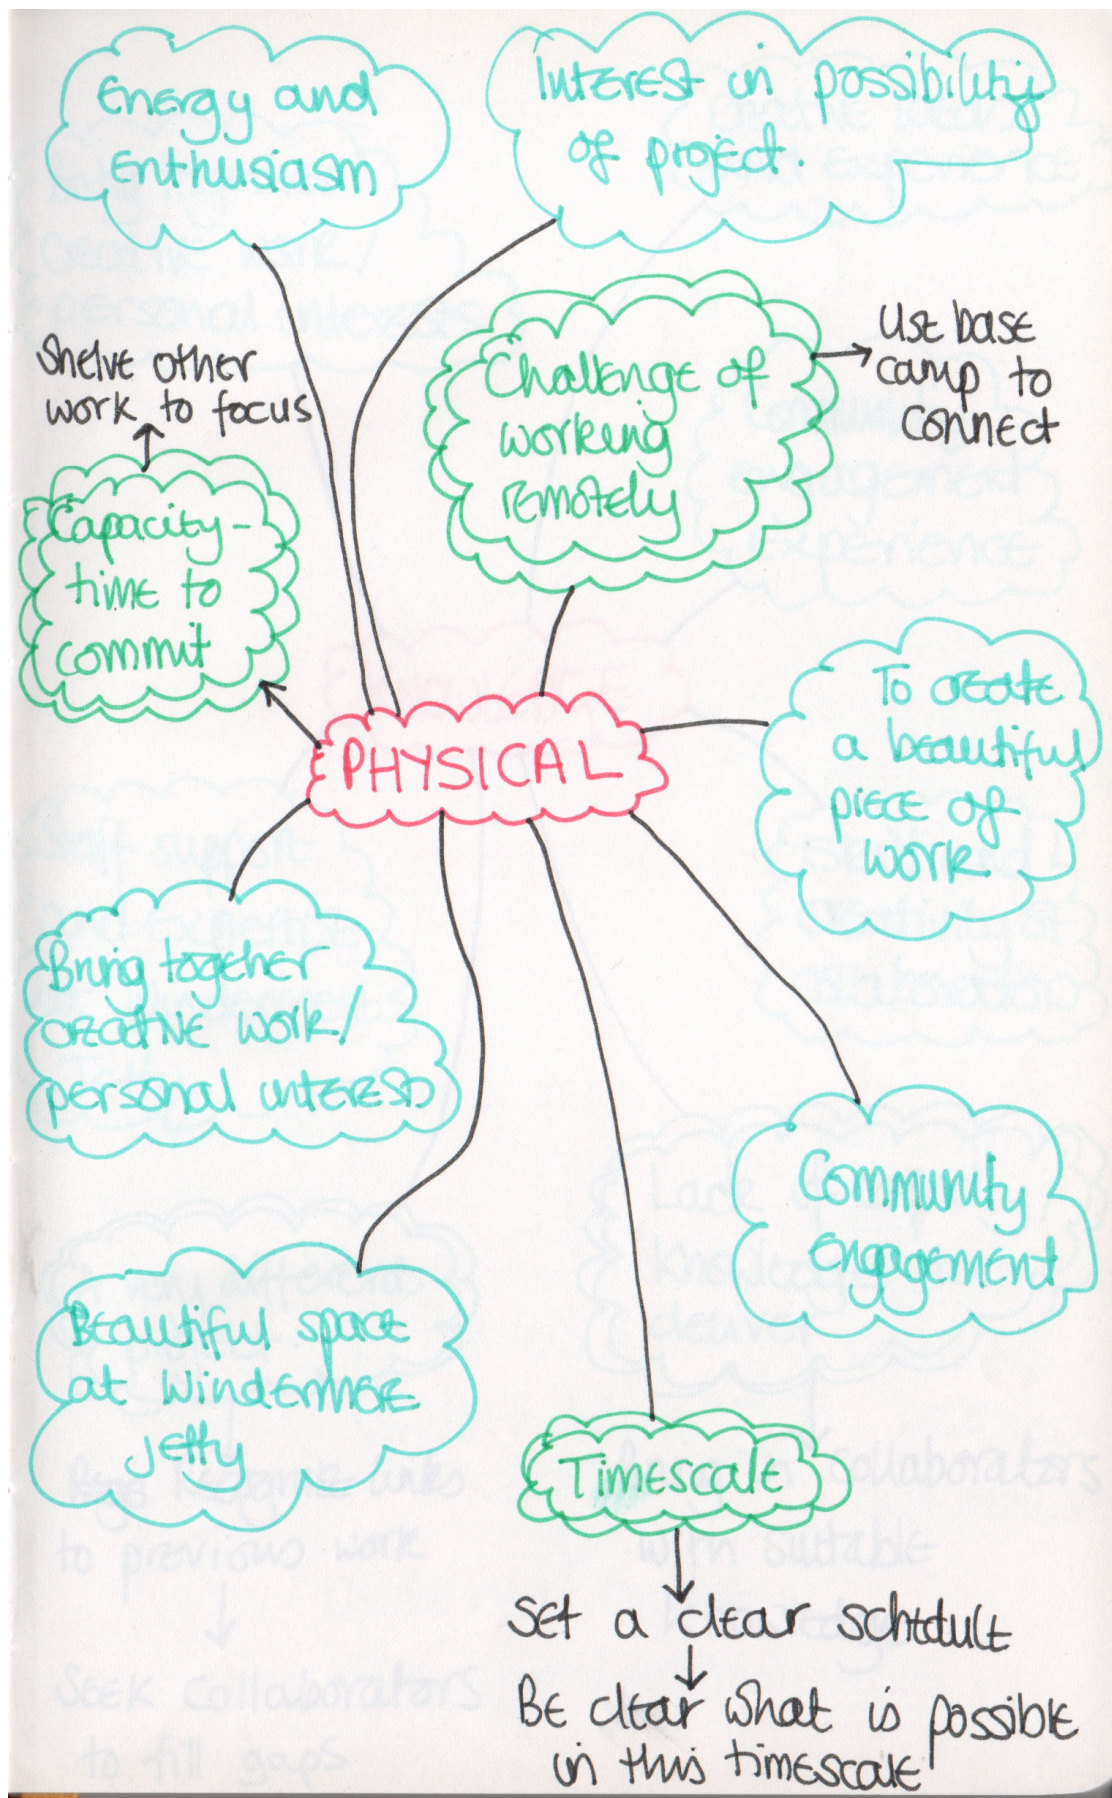

Patterns, Ideas, Principles

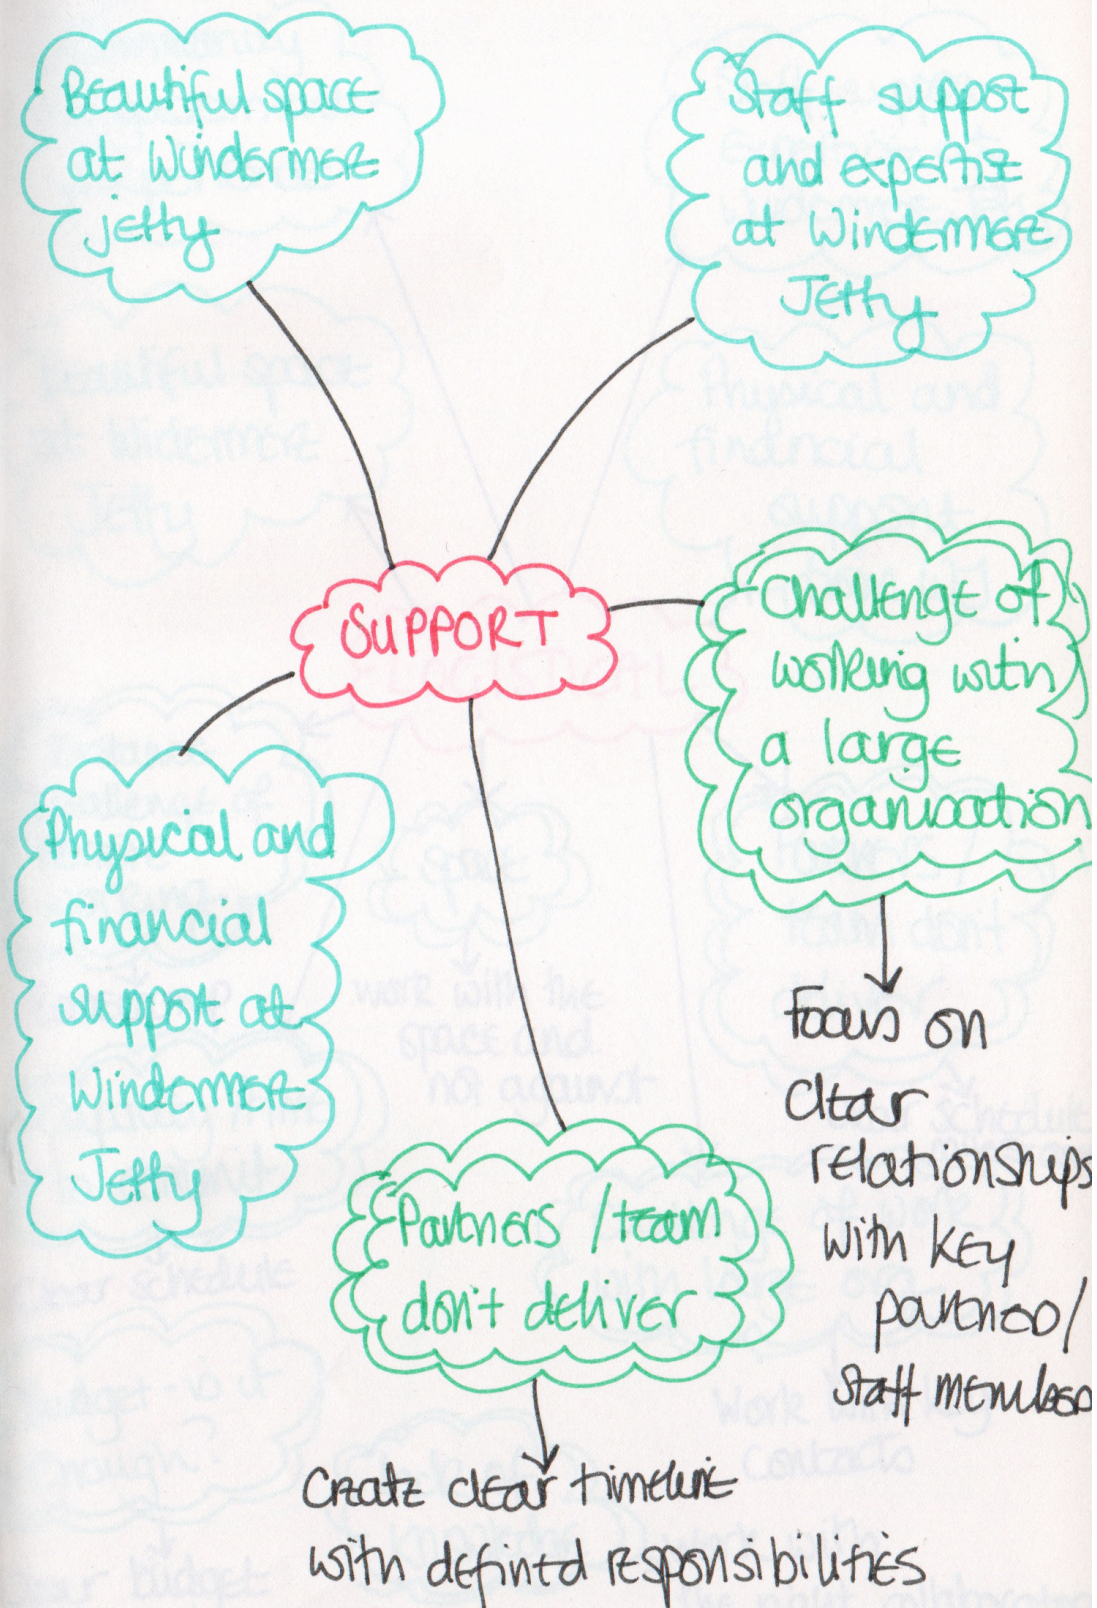

Appendix 6 – Patterns Review / Analysis

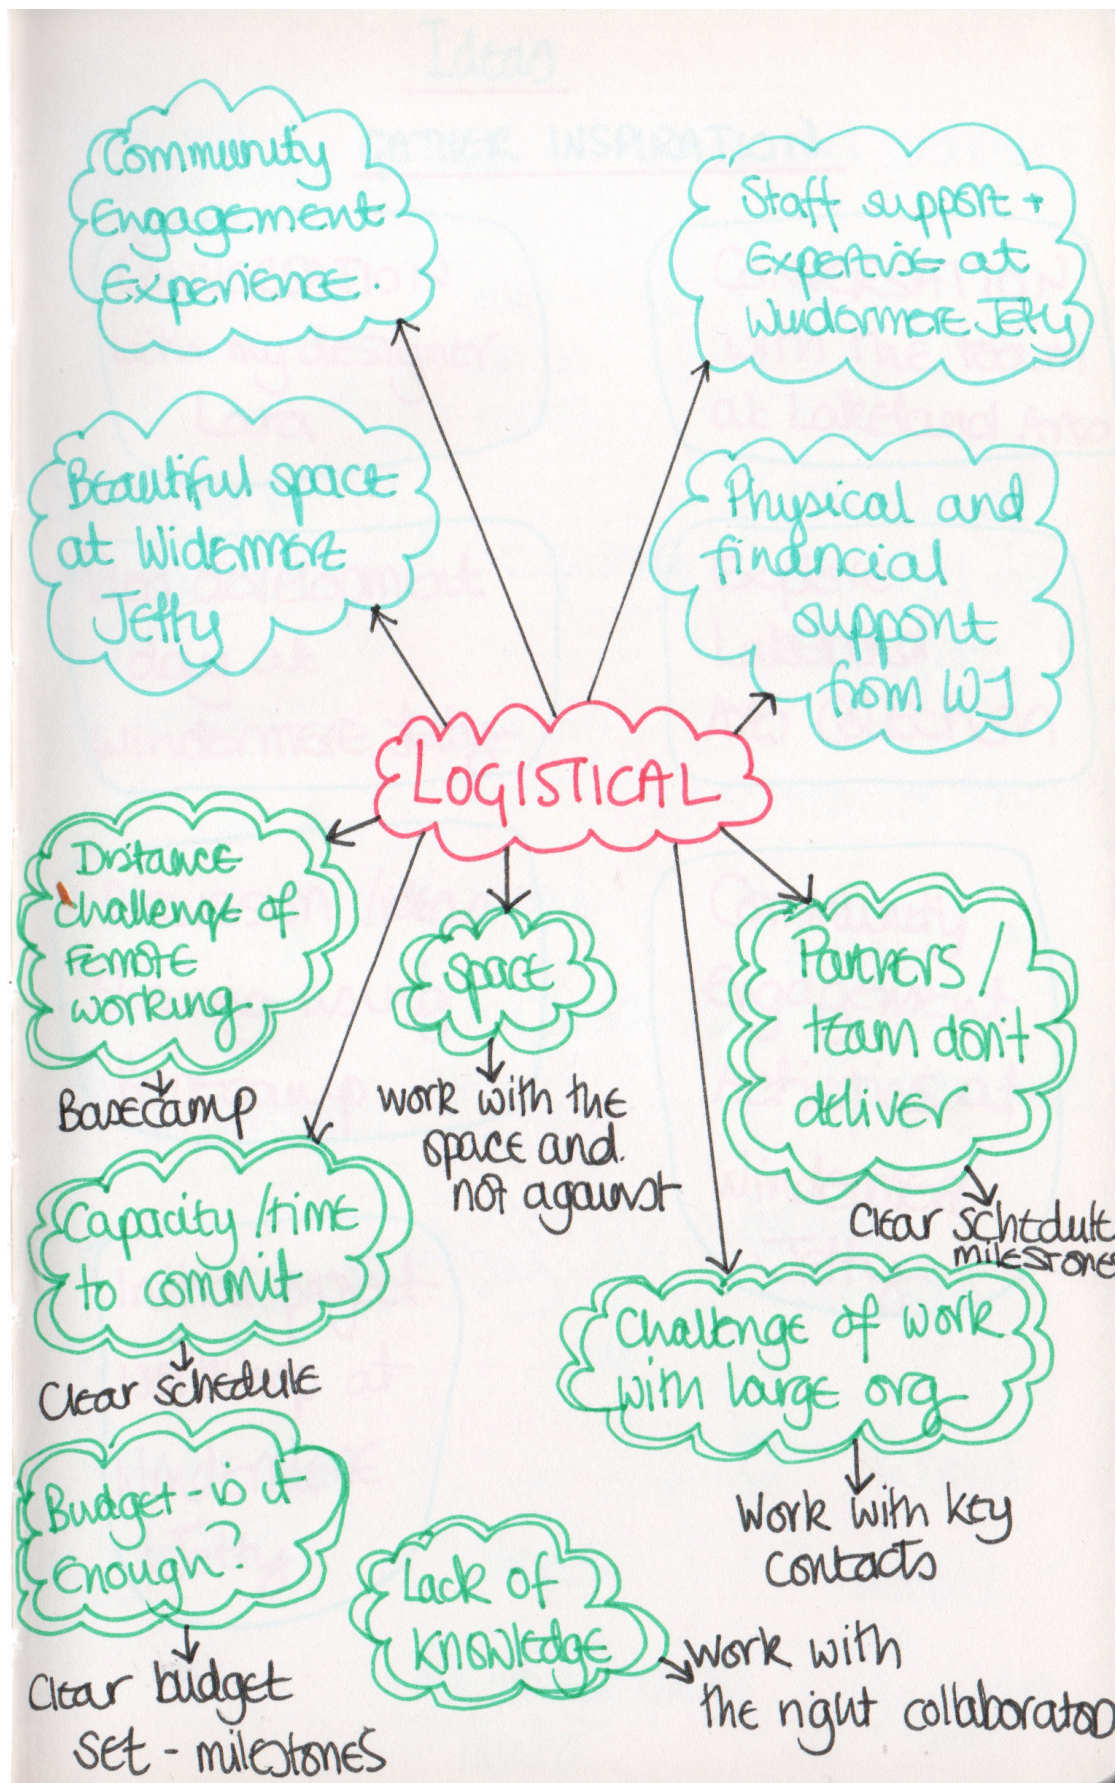

Appendix 7 – Patterns - Exhibition Content

KNOWLEDGE

- Nature
- Co produced
- Archive material
- Recording
- Weather on Windermere
- Collecting facts + data
- Stories
- Sharing what you know

Thematic Links

EMOTIONAL

- How does weather make you feel?
- Something we can all relate to
- Multi-sensory
- Nature
- Shelter from the storm.

LOGISTICAL

- Multi sensory
- Things we can go inside
- Projection
- Changing the feel of the space
- Sound
- Co-produced
- Built structures
- Stories
- Sharing what you know

PHYSICAL

- Nature
- Nooks and crannies
- Things to go inside
- Multi-sensory
- Exploring
- Projection
- Changing the feel of the space.
- Looking at the Sky
- Shelter from the storm
- Built structures

SUPPORT

- Projection
- Sound
- Clouds
- Recording
- Archive material
- Co produced
- Weather on Windermere

Appendix 8 – Initial Design Ideas

Lara Design

Pods - sense of construction cost? Realistic expectation.

Pod 1 - Like idea of light.

Don't like idea of all walls mirrored - too much.

maybe front wall and back wall inside.

how to create that effect safely?

cost effective.

Weight - implications for structure.

Carpeted floor - not astroturf.

opening windows - no curtains

- obscure in other ways?

eg. cover with glass.

blocks - light blocks @ MAC.

~~the~~

dress up - possible.

- lots of other dressing up at Jetty

- maybe just hats and scarves for winter?

periscope - lovely - may be premade ones

to look out different windows

drawing wall :- maybe enough already.

Pod 2 sound.

weather sounds - nice

Soundtrack in whole space :- maybe located from here.

Climbing inside : safety?

Pod 3 - Back projected roof - weather. Nice but how?

Rain tray + beads - no

Books in basket.

Cushions + carpet.

Fun - no.

Binoculars hung at windows.

- Weather wall painted chalk board? Thought on design.

Include - weather words.

Hooked boards - invitation to share + observe

- then shared in one place?

- pinned / stuck up?

- hooks?

Accessibility.

Questions - 1.2m pathway.

Accessibility - into pods.

Design by Weds 9m

Basecamp.

Families site -

welcome to families!
